Currently, it features information on over 100,000 U.S. foundations and corporate donors, over 2.1 million recent grants, and over 500,000 key decision makers.

Established in 1956 and today supported by close to 550 foundations, the Foundation Center is a national nonprofit service organization recognized as the nation's leading authority on organized philanthropy, connecting nonprofits and the grantmakers supporting them to tools they can use and information they can trust. Its audiences include grantseekers, grantmakers, researchers, policymakers, the media, and the general public.
